Yard and Garden Debris	Crew will continue to pick up yard and garden debris, but <i>please do not put it in plastic bags</i> . The crew has to empty each bag at the recycling center which is labor intensive. The recycling center does not accept plastic bags, so it also creates more waste. Please use either paper bags or a portable container they can empty directly into the truck.
Notes and Comments	All homeowners who have provided email addresses will receive this update at the beginning of each month to keep you informed of the landscape services scheduled by the landscape contractor for the coming month. The TLVA Board has appointed a landscape committee to assist Landscape Chair Glenn Waldenberg. They are Chuck Gerstenberger, Mary Ellen Meryhew and Phyllis Waldenberg. You will receive more information about the committee's activities as we go forward.
